

The image shows a screenshot of an IDE with a dark theme. The top toolbar includes buttons for Run, Debug, Stop, Share, Save, Beautify, and a download icon. The language is set to Java. The code editor displays the following Java code:

```
1 class Generics<T, U,S>
2 {
3     T obj1;
4     U obj2;
5     S obj3;
6     Generics(T obj1, U obj2,S obj3)
7     {
8         this.obj1 = obj1;
9         this.obj2 = obj2;
10        this.obj3 = obj3;
11    }
12    public void print()
13    {
14        System.out.println(obj1);
15        System.out.println(obj2);
16        System.out.println(obj3);
17    }
18 }

At the bottom of the IDE, there is a status bar with a loading icon and the text "Compiling Program..."
